

Learn the tragic truth about deadly corded window coverings.

Corded products dominate the multi-billion dollar window covering industry. Cord-related accidents are a silent killer of young kids and pets but are 100 percent preventable.

Over 20 children a year

in the U.S., on average, are strangled by a window covering cord.

15 seconds

is all it takes for a child to lose consciousness.

1 minute

can end a life.
